Media Statement

AmAssurance

STANDARD Financial Planner has added another insurance giant to its rapidly growing distribution list.

SFP advisers will now be able to offer AmAssurance products as solutions for their clients risk portfolios.

AmAssurance joins AXA Life, Allianz Life, ManuLife and Uni Asia on SFP's distribution list.

The addition is another step in SFP's determination to build a one stop shop solution for its licensed planners and clients.

SFP is the largest distribution channel for both insurance and investment in Malaysia, and is seeking to develop ties with companies that practice takaful, so our advisers can cater to the Muslim community.
